- New church plant in Yamoussoukro
- Health and well-being
- Children in the States
- PASTORS & THEIR FAMILIES:
 - Richard
 - Eloi
 - Evariste
 - Anatole
 - Emmanuel
 - Mattias

In the 12 years that we have worked in Côte d'Ivoire, God has put together an excellent team. All of the men are graduates of our Bible Institute and are currently working in church planting projects. They have all been gifted with terrific wives that are a blessing in every area of ministry. We praise God for allowing us this privilege.

Furlough

Beginning in September 2005, we will take a nine month furlough. The presidential elections are planned for October and it will be best to be absent during these turbulent times.

Feel free to contact us by email or drop me a note. If you would like to phone, use:

011-225-05-70-03-94

We look forward to seeing you.

Gbegbessou Construction

It's going up! As you know this village of 2200 people has never had a church of any kind. To see this building rising in order to house this vibrant and growing church, is an exciting thing.

Please pray with us about the remainder of the money needed

to complete this project. Our objective is to have it closed in by August before we leave for furlough. To date, only three churches have responded to this need.

Please pray about the part that you can play in this exciting work.
